

DMC Named A Best Place to Work in Chicago by Crain's

Crain's Chicago Business Recognizes DMC's Dedication to Employee Engagement and Development

CHICAGO, IL (April 7, 2014) – DMC, Inc. (www.dmcinfo.com), a project-based engineering and software development firm, today announced it has been named by *Crain's Chicago Business* as one of the Top 10 "Best Places to Work" in Chicago

(www.chicagobusiness.com/article/20140404/ISSUE02/304059994). *Crain's* highlighted DMC's strong focus on hiring high-achieving, team-driven employees and fostering employee development through its mentoring and continuous learning initiatives.

DMC was also named the "Best Place for Employee Engagement"

(www.chicagobusiness.com/article/20140404/ISSUE02/304059993) by *Crain's*, ranking first out of ten companies. The article acknowledges DMC's Chicago office design, which was implemented with company culture in mind featuring an on-site fitness center, rooftop deck, and a kitchen fully stocked with beverages and snacks.

The appeal of working at DMC is cross-generational, as evidenced by its recognition on both *Crain's* "Best for Gen X" and "Best for Millennials" lists. "I've been to hundreds of different places, different industries, different technologies, working with lots of different people," said Project Director Tim Jager who appeared in a *Crain's* video feature focusing on Gen X. "I have yet to find a company where I thought: 'I would rather work here.'"

The recognition is based on a set of employee and employer surveys in key areas such as benefits, pay levels, career development, management and colleague relationships, and more. Of the 178 companies that applied, 111 completed both surveys. More than 31,000 employees took the survey.

Founded in 1996, DMC offers high-caliber engineering and software development services for manufacturing, testing, and product development organizations. Headquartered in Chicago, the company opened a second office in Boston in 2013. Those interested in careers should review open opportunities on DMC's employment page (www.dmcinfo.com/employment).

"I'm excited and proud to be named one of *Crain's* best places to work," said DMC President, Frank Riordan. "It validates the work everyone does that makes this a great place to be each day. This recognition will help DMC continue its strong growth by attracting the best and brightest people, aligning with our #1 core value."

DMC employee benefits helped secure its placement on the *Crain's* list. These include:

- Medical, dental, and vision coverage
- 401(k) match
- Profit sharing
- Mentor program
- Monthly activity fund
- Reimbursement of athletic activities
- On-site fitness center, locker rooms, and rooftop deck
- Fully stocked kitchen and continuous learning lunches

Crain's Chicago Business "Best Places to Work" issue was released on April 7.
